// **COVER LETTER**

Dear Madam, Sir,

Hello, I am **Marie DEFFORGES**, a Graphic Designer graduated in **BTS VISUAL COMMUNICATION OPTION GEP** (Graphic Design, Publishing, Advertising).

Having studied at LISAA, Higher Institute of Applied Arts, private and reputed school, I could spend my three years of training with real **professionals, active in their field** (freelance, typographer, creative director in Publicis agencies ...).

One of the benefits was to work on **concrete projects** based on current events, and **participate in partnerships** (TAS - Alsatian Theatre of Strasbourg, Business School, Studio Libre Objet, Studio of silkscreen printing ...) **to gradually gain concrete experience throughout my training**.

Fresh and dynamic, with attention to details and a passion for aesthetics. For me, graphic design is and art on its own right. **Smiling and welcoming**, I have a good customer relationship.

Mastering the **DTP softwares** (Adobe Suite - the CS4 version to CC), I also have skills in **packaging**, in **video** and **web skills** that I am currently developing. Comfortable in the field of print, I can design all kinds of projects; I will be able to carry out the missions that you will entrust me, adapt to the situation in place, and integrate myself without problems to your team.

My Credo ? Be creative, original and attentive ! This is my formula to satisfy customers and stand out.

As a passionate, **I appreciate art in all its forms, and this is my daily inspiration !** Photography, literature, craft, sciences, history ... This interest in many points made me a skillful person.

Motivated and solicitous with the quality of my work, I hope to contribute, and put my energy and my capacities for your business.

You can **find all of my work** on my professional website, I provided the address above.

I remain at your disposal for any additional informations, and a meeting in an interview.

Thank you for your attention to my candidacy, and please accept, Madam, Sir, the assurances of my highest consideration.
